CODE OF CONDUCT

Boys and adults are expected to adhere to the 12 points of the Scout Law at all times. Use of alcohol, tobacco, or drugs at any time is strictly prohibited.

Any form of rough-housing, hazing, initiations, or other unsafe behavior is prohibited and will not be allowed. Any form of disrespect, dishonesty, ridicule, or inappropriate teasing, or the misuse or abuse of troop or personal equipment will not be tolerated.

Most infractions will result in verbal counseling by either the adult observing or investigating the infraction, or the Scoutmaster or adult-in-charge, however, may result in dismissing the boy from the meeting or outing if deemed appropriate. Multiple infractions of this Code of Conduct may require the boy to appear before a board of review panel as deemed appropriate by the Committee Chair and/or Scoutmaster. Action by the panel can include verbal counseling, a written warning, probation, or recommended expulsion from the troop. Expulsion from the troop must be approved by the troop committee and reported to the council Scout Executive.

Some infractions are considered serious enough to immediately excuse the boy from the meeting or outing. Except as noted, the following infractions shall result in the boy's immediate dismissal from the meeting or outing:

- Use or possession of alcohol, tobacco, or drugs of any kind.
- Possession of pornographic materials.
- Profane language (final discretion by the Scoutmaster or adult-in-charge).
- Fighting that results in deliberate serious or aggravated injury to another.
- Leaving a campsite location without permission.
- Use and/or possession of fireworks, explosives, or a firearm.
- Intentional misuse of flammable items.

A violation of any of the above infractions will result in a parent being called, regardless of the location of the outing, who will be expected to pick up their son forthwith. Additionally, the boy will be expected to attend a board of review panel at the next available opportunity in the company of his parent or guardian.

All incidents resulting in death, or serious injury or illness shall be reported to the council Scout Executive or designee as soon as possible. A serious injury or illness includes: (1) any period of unconsciousness; (2) any hospital inpatient admission; or (3) any surgical intervention other than the suturing of the skin or setting of simple fractures.

No less than two registered adult leaders, or one adult and a parent of a participating scout, one of whom must be at least 21 years of age, are required for all trips and outings. Patrol activities do not require two-deep adult leadership; however adult supervision should be readily available. No youth shall stay in a tent with an adult other than a parent or guardian.

By becoming a member of Troop 645, the scout and parents agree to adhere to this Code of Conduct. Parents agree to abide by the decision of the Scoutmaster or the adult-in-charge pertaining to all disciplinary issues and decisions.
